

The image features a series of overlapping, white, curved, bowl-like shapes that create a sense of depth and movement. These shapes are set against a solid black background. The lighting is soft, highlighting the smooth, rounded surfaces of the white forms. In the center of the composition, the text 'mason' is written in a bold, lowercase, sans-serif font, with 'editions' in a smaller, lowercase, sans-serif font directly below it.

design **Serena Confalonieri**

Affascinante per la forma e il profumo inebriante, per molte culture asiatiche il fiore di loto simboleggia l'eleganza, la bellezza, la purezza e la grazia.

Lo stelo di questo magico fiore è un cono, in metallo verniciato e galvanizzato, che cresce assottigliandosi verso l'alto per accogliere l'anima luminosa. Come un bocciolo che si apre alla luce del sole, Lotus dispiega la sua corolla creata da tre diversi elementi in vetro soffiato.

La luce li attraversa lievemente creando un'atmosfera intima e delicata.

With its fascinating shape and inebriating scent, for many Asian cultures, the lotus flower symbolises elegance, beauty, perfection, purity and grace.

The stand of this magical flower is a cone in enamel-coated metal and galvanized, which narrows towards the top to house the luminous core. Like a bud opening up in the sunlight, Lotus unfolds its petals consisting of three separate blown glass elements.

They gently filter the light to create an intimate and discreet atmosphere.
